40 4th St., The Mail Depot

While some of the artworks shown on this map are projects commissioned by business owners or artists' gifts to the community, the majority are a result of the Petaluma Public Art Program. Since 2005, the Petaluma Public Art Committee (PPAC) has stewarded the public art program and worked to enhance the appearance and cultural richness of the City by incorporating artworks into public places and fostering art within public view or access in private developments. The public art program encourages the use of art as place-making opportunities which celebrate our rich history, environmental assets, and the diversity of our community. Works within the public art collection prioritize creativity, innovation and artistic excellence. Reflecting our community's values, cultures and aspirations, they engage residents and visitors alike through their beauty, craft, thoughtfulness, delight, and whimsy. And above all, they encourage meaningful conversation while capturing the sense of wonder Petaluma conjures.

As our public art collection grows we will strive to include new artworks in future versions of this public art map.

Enjoy your public art tour!
