

Where ART Lives

Cathedral City Public Art Tour

Cathedral City GIS

April 23, 2025

The **Public Arts Commission** advances performing and visual art in the community. **CCPAC** makes recommendations to the City Council on the selection, acquisition, and installation of public art paid for by developer fees; support and production of concerts, readings, and other live arts performances; sponsor programs; development and use of facilities for arts projects; and cooperative ventures with other art organizations throughout the Coachella Valley.

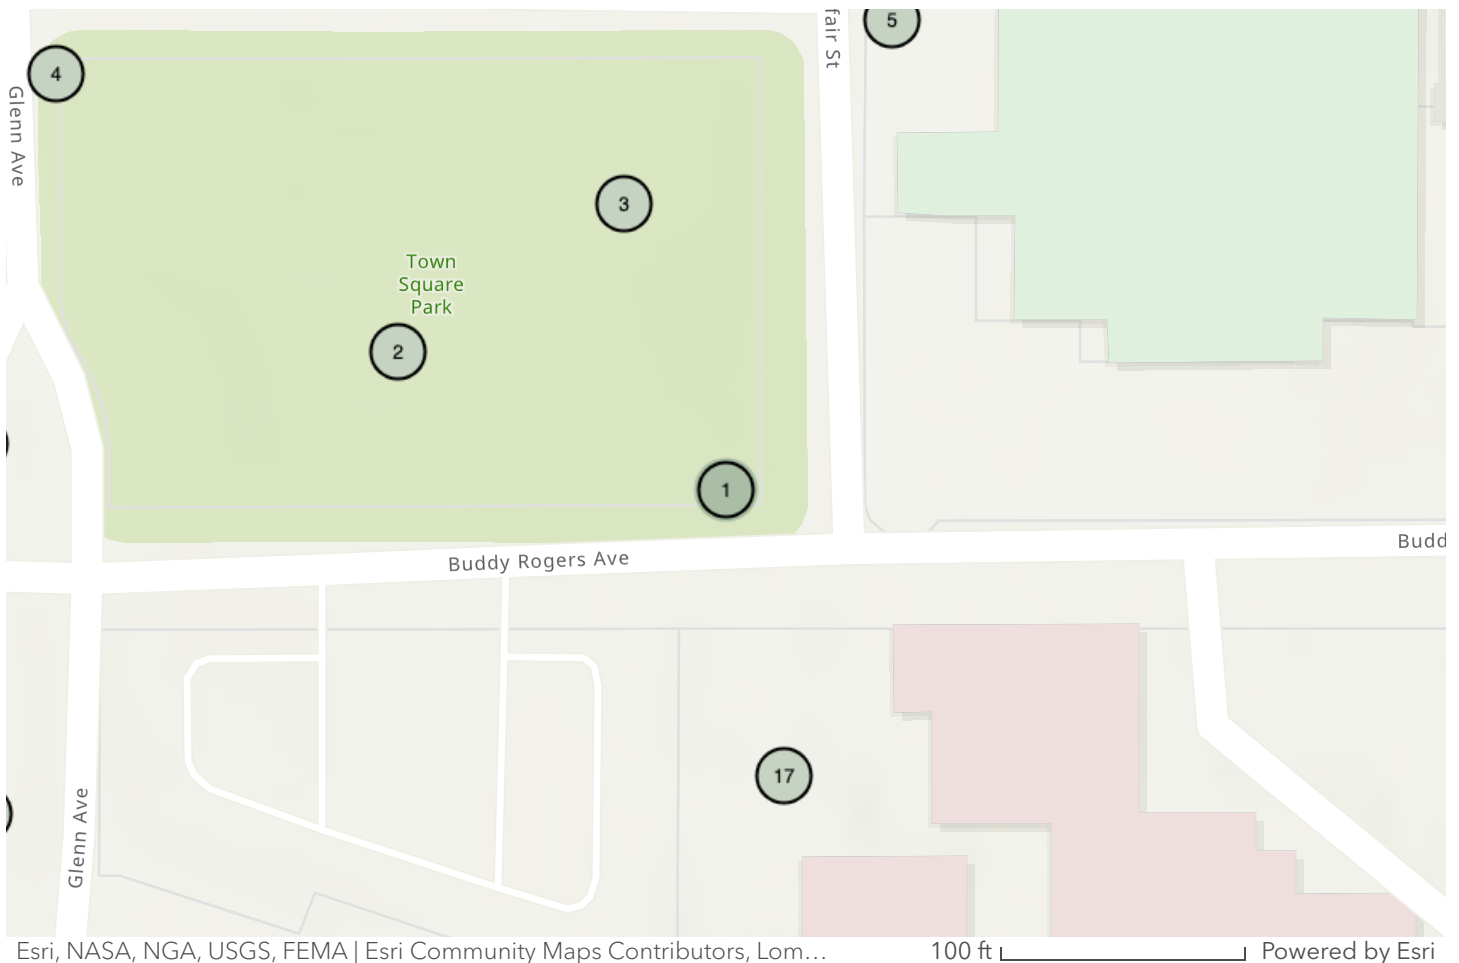

The Cathedral City Public Art Commission's mission serves to collect and preserve art from local and international artists. CCPAC is funded by developer fees. Composed of five local residents who are appointed to three-year terms by the City

Council, CCPAC meets once a month in Council Chambers on the 2nd Monday of each month starting at 5:30 pm. The agenda for each meeting and video of the meetings are available on the City's website at: www.CathedralCity.gov
